

ELLAIZA ROSE B. PESONS

Motivated 4th-year BSIT student at National University – Dasmariñas with foundational experience in programming, web development, and database systems built through academic coursework and school projects. Proven hands-on capstone experience in low-poly 3D modeling, Unity feature co-development, and UI layout. An adaptable, proactive team player eager to apply core IT skills, learn from industry mentors, and contribute to team workflows during an On-the-Job Training (OJT) internship.

Education

Bachelor of Science in Information Technology
National University - Dasmarinas
2023 - Current

Accountancy, Business, Management
Philippine Christian University
2021 - 2023

Strengths

- Team Player and Adaptability
- Hard-worker and Diligent
- Eager to learn in the industry
- Customer/Client friendly
- Creative and Resilient

Certifications

- Java
- Database
- HTML and CSS

Experience

Luminang: Language Learning Mobile Game

National University - Dasmariñas | Capstone Project (2025 – 2026)

Role: *Multimedia Asset Designer & Co-Developer*

- **Lead 3D Art & Asset Pipeline:** Served as primary 3D artist, modeling, texturing, and optimizing low-poly environments, characters, and props in Blender and Unity for mobile devices.
- **Interactive Feature Co-Development:** Co-developed application features and minigames in Unity, configuring interactive objects, touch controls, and scene transitions.
- **UI/UX Implementation:** Configured mobile UI menus, responsive buttons, and visual feedback animations to ensure a smooth user experience across Android screen sizes.
- **Data Integration & Content Structuring:** Encoded and structured application datasets in JSON, integrating multilingual vocabulary, dialogues, and quiz questions into the game.
- **Application QA & Testing:** Conducted manual testing on Android devices to identify and report visual glitches, UI misalignment, and performance bugs for team resolution.
- **Team Collaboration & Alignment:** Actively participated in team check-ins—proactively clarifying technical requirements, contributing design ideas, and coordinating with groupmates to meet project milestones.

Technical Skills

- **Programming & Markup:** Java, C#, HTML, CSS
- **Engines & Tools:** Blender, Unity Engine, Visual Studio Code
- **Frameworks & Libraries:** React, Flutter
- **Databases & Cloud:** MySQL, Oracle, Supabase, Firebase
- **Multimedia & IT Competencies:** 3D Low-Poly Modeling, UI/UX Design, Manual QA Testing, JSON Data Encoding
